Junior Backend Developer

Python

LOCATION	COOPERATION	COMPENSATION
On-site, Gliwice	Contract of Mandate	31,40–40,00 PLN gross/hour

Build and maintain backend components for intelligent systems in energy, education and HR-tech. 1+ year of commercial experience, curiosity and the drive to grow are what count — you don't need to know everything yet.

1 Scope of Cooperation

- Backend components in Python (FastAPI, Django or Flask)
- Production-ready features with developers and PMs
- PostgreSQL, Supabase and Docker
- AI-powered tools and automation in dev flow
- Code reviews, knowledge-sharing and R&D mini-projects

2 What We're Looking For

- 1+ year of commercial backend experience
- Python fundamentals: OOP, REST APIs, Git
- Curiosity for new stacks (Ruby on Rails, TypeScript, AI)
- Side projects, hackathons or student clubs
- Problem-solving attitude and eagerness to explore
- Communicative English (written and spoken)

3 What We Offer

- Long-term cooperation with regular backend work
- Office in Gliwice with agreed in-person team meetings
- Real projects for international clients
- AI and automation tools, room to experiment and learn
